Information Classification

Code	Description of Information Classification
PUBLIC	Information and data that may be shared without restrictions because it is unlikely to result in any harm if disclosed to outside parties. Permission to actually release information to the public must be obtained separately through External Affairs
INTERNAL	Information and data that may be freely shared with staff in Engineer, Client and Partners, and contracted companies and individuals bounded by confidentiality agreements.
RESTRICTED	Only 5-10% of document content with such information classification can be released by Document Owner (or with his delegation) to identified recipients.
CONFIDENTIAL	Information that is extremely sensitive, of the highest value to the company and individuals and intended for use by named individual(s) only.

DEFINITIONS

ABBREVIATIONS

1.0 INTRODUCTION

2.0 REGULATORY AND POLICY FRAMEWORK

3.0 PROJECT DESCRIPTION

4.0 ALTERNATIVES ANALYSIS

5.0 ESIA METHODOLOGY

6.0 ENVIRONMENTAL AND SOCIAL

6.1 Socioeconomic Baseline

6.2 Onshore Physical and Biological Baseline

6.2.1 Onshore Physical Baseline

6.2.2 Onshore Biological Baseline

6.3 Offshore Physical and Biological baseline

6.3.1 Offshore Physical Baseline

6.3.2 Offshore Biological baseline

7.0 IMPACT ASSESSMENT AND MITIGATION

7.1 Social Components

7.2 Onshore Physical and Biological Components

7.2.1 Physical

7.2.1.1 *Soil and Subsoil*

7.2.1.2 *Air Quality*

7.2.1.3 *Noise and Vibration*

7.2.1.4 *Hydrology and Surface Water*

7.2.1.5 *Hydrogeology and Groundwater Quality*

7.2.2 Biological

7.3	Offshore Physical and Biological Components
7.3.1	Physical
7.3.2	Biological
7.4	Decommissioning
8.0	OFFSHORE RISK OF ACCIDENTAL RELEASES
9.0	CLIMATE CHANGE RISK ASSESSMENT
9.1	Physical Risk Assessment
9.2	Transitional Risk Assessment
10.0	CUMULATIVE IMPACT ASSESSMENT
11.0	RESIDUAL IMPACTS AND CONCLUSION
12.0	ENVIRONMENTAL AND SOCIAL MANAGEMENT FRAMEWORK
13.0	REFERENCES

APPENDICES

APPENDIX A - BOTAS High-Level E&S Report

APPENDIX B - List of Applicable National Legislation and International Agreements Ratified by Turkey

APPENDIX C - Applicable Environmental Limits

APPENDIX D - Detailed Project Schedule

APPENDIX E - Meteorology

APPENDIX F - Flora Report

APPENDIX G - Hydrobiological Studies of Yenice River

APPENDIX H - Terrestrial Fauna Biodiversity Study

APPENDIX I - eDNA Project qPCR Report

APPENDIX J - Preliminary Allocation Letter

APPENDIX K - Impact Matrices

APPENDIX L - Flood Risk Analysis

APPENDIX M - Biodiversity Action Plan

APPENDIX N - Preliminary Mitigation Measures For The Construction Activities Of The Energy Transmission Line

APPENDIX O - Preliminary Mitigation Measures For The Construction Activities In Proximity Of the Coastal Lake/Pond And Yenice River Area

APPENDIX P - Noise & Vibration Report
